Subject: - Restoration of BSNL Fiber Network at Sahid Chowk Campus

Dear Sir,

This is for Your Kind Information that we are Elina Energy Solution Pvt. Ltd. have installed a 90 BSNL fiber Connection with Dual Band ONT and Telephone set in January-2023 for landline and Internet Services inside the Ranchi University Campus.

All Connections are Working satisfactorily inside the campus Except VC Chamber. The reason for Disturbance in Fiber Network is found by our Team and reported that there is a Fiber break due to renovation work at that place.

We are ensuring you that we will restore the connection after the completion of renovation work.

Kindly release the payment for the installation of the 90 network.

NMEICT PROJECT

(National Mission on Education through Information & Communication Technology)

Ranchi University, Ranchi, Jharkhand

Introduction :

The National Mission on Education through Information and Communication Technology (ICT) has been envisaged as a Centrally Sponsored Scheme to leverage the potential of ICT , in teaching and learning process for the benefit of all the learners in Higher Education Institutions in any time any where mode. This is expected to be a major intervention in enhancing the Gross Enrolment Ratio (GER) in Higher Education by 5 percentage points during the XI Five Year Plan period. **NMEICT** is one of prestigious project by Ministry of Human Resource Development(HRD) in collaboration with varioust IITs including IIT Bombay and PSU Major BSNL, India.

Objective of the NMEICT Project:

NMEICT Project is launched with an ambitious vision of catering to the learning needs of more than 50 crore Indians (working population) and of providing a one stop solution to all the requirements of the learning community In order to bolster our knowledge resources, to obtain and maintain the competitive edge in the world, we require a system of identification and nurturing of talent and lifelong learning. Knowledge modules based on the personalized needs of the learner would need to be delivered to him /her at the right time with the right content interactively to take care of his / her aspirations. In due course of time there would be a need to develop and maintain the knowledge and

capability profile of every individual learner / worker. Such a system would have to be developed in a cost effective manner over a period of time, integrating, inter-alia the following objectives:

- Building connectivity and knowledge network among and within institutions of higher learning in the country with a view of achieving critical mass of researchers in any given field;
- Spreading digital literacy for teacher empowerment;
- Development of knowledge modules having the right content to take care of the aspirations of academic community and to address to the personalized needs of the learners;
- Standardization and quality assurance of e-contents to make them world class;
- Research in the field of pedagogy for development of efficient learning modules for disparate groups of learners;
- Making available of e-knowledge contents, free of cost to Indians;
- Effective utilization of intellectual resources, minimizing wastage of time in scouting for opportunities or desired items of knowledge appropriate to the requirement.
- Any-time availability of desired knowledge at appropriate levels of comprehension to all for self paced learning
- Platform for sharing of ideas and techniques and pooling of knowledge resources.
- Nurturing of scholars and learners.

- Capability to handle the user base which would ultimately be expected to cross 50 crore in the long term.

- Use e-learning as an effort multiplier for providing access, quality and equality in the sphere of providing education to every learner in the country.

- Provide for Connectivity & access devices, content generation, personalization & mentoring, testing & certification and encouragement of talent.

- Providing e-books & e-journals, utilizing the repository of contents generated so far and the automation of evaluation processes. Creating a high impact brand for e-Journals in leading disciplines with a provision for good incentive-based payment to the researchers publishing their high quality papers in these e-Journals.

- Spreading Digital Literacy for teacher empowerment and encouraging teachers to be available on the net to guide the learners.

- Voice support for educational material delivery and interactivity for the content on the portal.

- Conversion of existing educational tapes into indexed formats compliant with the internationally accepted standards such as SCORM (Sharable Content Object Reference Model).

- Launching a national movement for content and question generation.

- Providing Digital/Information Literacy for teacher empowerment.

- ERP (Enterprise Resource Package) and e-Governance for education.

- Customisation of Open Source Tools etc.

- Content delivery through EduSAT and narrowcasting of TV signals. Providing 1000 DTH (Direct to Home)channels on 40 transponders [to be availed through the Department. of Space] so that a separate DTH channel is available for every subject for every class in various languages to the extent possible.

Ref: Your Purchase order No.PL/890A dated 31.07.2017

Sub: ***Our Renewal offer for Microsoft Campus Wide Annual License***

Dear Sir,

With reference to your aforesaid Purchase Order, please note that Microsoft Campus Wide Annual License Subscription and Support is due for renewal. As such we are submitting our renewal proposal for Annual Microsoft Campus license. There is a marginal increase in overall price due to the fluctuation in currency exchange rate.

Further, please note that during last year's renewal there was an excess amount of Rs.15, 675/- paid since the GST rate was lower. As such the same will be adjusted from this year's amount as shown in Invoice.

Looking forward to your continued patronage.

Thanking You,
Yours sincerely,
For **Comprehensive Consultancy Pvt. Ltd.**
