Date 15.09.2026

NOTICE

Since course Work, Internal DRC/DRC and Finalization of the Research Topic are integral parts of the Ph.D. process, certain Departments had already completed these stages for some scholars under the Ph.D. Regulation 2009.

During the transition from the 2009 Regulations to the Ph.D. Regulations 2022 and the New SOP, the Pre-Registration Seminar of such candidate could not be conducted, as the process in their cases had already been initiated and proceeded under the 2009 Regulations.

Therefore, in the interest of the academic continuity and to avoid prejudice to the scholars, the cases of those scholars whose names have been duly listed by their respective Heads of the Departments will be considered for Ph.D. Registration under the Ph.D. Regulations 2009, subject to the verification of the prescribed requirements by their Heads and approval of the competent authority.

Yours faithfully
